## Phillips Cables President Announces Expansion Program

T. A. Lindsay of Brockville, Ont., president of Phillips Cables Ltd. announced April 29th that immediate expansion of the Sentinel plant will get underway.

Speaking at the official opening held at Sentinel yesterday, Mr. Lindsay stated that although the new \$1,300,000 plant had only started production last January 2nd, the west's booming economy warranted the expansion program.

The plant floor space will be increased by 25 per cent and will permit an increase in capacity of 60 per cent when completed. It is expected the expansion will be completed by January 2nd, 1967, and the present building of 52,000 square feet will be increased to 64,000 square feet.

The Sentinel factory specializes in telephone and communications wires and cables and is unique in that it includes in all processes from the insulating of individual wires, to the production of the largest cables.

Specially constructed machinery makes this a highly sophisticated, closely engineered operation. Over 127 principal items of equipment are involved, tended by a staff of

120 people. Located on almost the border of Alberta and British Columbia in the Crows Nest Pass, the plant is strategically located to ship communication cable anywhere in the western provinces within 36 hours.

Mr. Lindsay said "the economic growth of the west will inevitably lead to the enlargement of the existing telephone systems" and directing his words to representatives of telephone companies from all over western Canada present at the opening. Mr. Lindsay said "we are here now to provide the cables you will need, when you need them. Our substantial financial investment is evidence of this company's confidence in the economic future of your area. It is Phillips' article of faith in the continued growth of the western provinces. We hope we have to continue expanding to meet your demands for cable," he concluded.

Prior to Mr. Lindsay's address, Roy Newburg, the Sentinel plant

manager, expressed welcome to the 150 persons that were present at the event. He commended the local persons responsible for the organizational work of putting the local plant in operation.

Among those persons he mentioned were Ray Whalen, office manager, who of over 250 applicants had selected and located 120 in their positions. To George Smith of Blairmore he credited the setting up of placing the plant equipment with the aid of Mike Beech to take out the "bugs" in the equipment. Mating of the material and equipment and training the employees he credited to Arnold Smith and getting production rolling was due to the experience and untiring conscientious work of Fernand Paquette.

Included in the visitors' list from Brockville, Ont., were J. S. Waddington, vice-president of production; J. R. Phillips, vice-president; M. F. W. Greene, secretary-treasurer; John McQue, who will replace Mr. Newburg as plant manager; J. E. Thomas, vice-president of sales; G. Purdy, manager of the Vancouver plant.

Visitors were also present from the various utility companies in the western provinces.

### Past President Pins Presented To Auxiliary Members

At the regular meeting in April the Ladies' Auxiliary to the Crows Nest Pass Municipal Hospital observed the sixteenth anniversary by honoring six of their members who have held the office of president of the organization.

A tribute was paid to each of the six past presidents who have held continued membership since the early years of the Auxiliary, and whose leadership has served to uphold the purpose of the group in being of service to the hospital and the community. In appreciation, the President Mrs. Alban Mickels presented the Auxiliary's Past President Pin to Mrs. Gladys Bannan, Mrs. Fred Padgett, Mrs. John Skina, Mrs. Ellen Ritchie, Mrs. Ernest Coates and Mrs. Lloyd Williams.

In a reading of a history of the Auxiliary from the time it was first organized in April, 1950, many interesting events were recalled and numerous accomplishments recorded. It was noted that the standards and precedents set at the beginning have been well maintained through the years.

The achievements of the Auxiliary have been possible mainly through its members — both those of long standing who have exemplified good work and promoted good fellowship, and those of recent years who have contributed much in time and effort.

### Polish Millennium To Be Marked

The Polish Millennium will be marked in the Crows Nest Pass towns on May 8th when special Church Services are being arranged in the Catholic Churches in the Pass towns.

The occasion is being held to mark the Polish nation's 1,000th anniversary since its baptism into Christianity.

Plans presently call for a banquet dinner to be held in the Polish hall in Coleman starting at 2 p.m. May 8th.

Speakers at this event will be Ted Kryczka of Coleman, who will speak in English and a representative of the Polish Nationality will speak in Polish.

Tickets for this event can be obtained from members of the Polish Committee or from Al Krywolt at phone 563-3882.

Doctors today know more about mental illness than ever before, but further progress depends directly on how well each one of us understands the needs of the mentally ill. Write today to the Canadian Mental Health Association for the free booklet "The Needs of the Mentally Ill". The address is 610, Revillon Building, Edmonton.

### RCMP Graduate

**RONALD JAMES FONTANA**  
son of Mr. and Mrs. B. J. Fontana of Coleman, Alberta. Engaged in the RCMP on September 10, 1965 after completing his education at Coleman, and was posted to "Detachment" Division, Regina, Sask., for recruit training. He graduated from training on April 13, 1966, and has been posted for duty in the province of British Columbia.

### Mrs. J. M. Rushton, Age 81 Years, Passes April 28

Mrs. Jack (Isabelle) Rushton, well known Coleman citizen, passed away at her home April 28th after a lengthy illness.

Mrs. Rushton, 81 years of age, was born in Lee Grove, Lancashire, England, on February 7, 1885. She came to Canada in 1910, settling in High River, where she lived for one year, then moving to Alderson in 1911. After living there for eight years, she moved to Brooks in 1919 and resided there until 1954 when she married Jack Rushton and moved to Coleman. She was predeceased by her first husband, Louis Nelson in 1952, whom she had married in Alderson in 1911.

She was a life member of the Coleman O.R.P., a Charter member of the Brooks O.R.P., member of the Coleman Senior Citizens' organization, superintendent of Sunday School in both Brooks and Coleman United Churches, and a former member of the Coleman United Church Board of Session. Besides her husband she was predeceased by a son, Nelson in Calgary in 1963 and by some brothers and sisters.

Survivors include her husband Jack of Coleman; four daughters, Mrs. W. (Margaret) Pickering of Brooks, Mrs. Joe (Isabelle) Petuk of Coleman, Mrs. N. (Alice) Pitchford of Dublin, Calif., Mrs. Frank (Lillian) Lake of Clovis, Calif.; one son George Nelson of Brooks; two stepsons, George Rushton of Edmonton and Jack of Trail, B.C.; 25 grandchildren and seven great grandchildren.

Funeral service was held in St. Paul's United Church with minister Peter Walker officiating at 2 p.m. April 30th. Further services were held in the Brooks United Church at 2 p.m. on Tuesday, May 3, and interment was made in the family plot, Brooks cemetery.

### Cecil Coover New District Deputy Of The Elks

Cecil Coover of the Coleman Elks Lodge, was elected as District Deputy of District No. 2 at a meeting held in the Blairmore Elks hall on April 23rd.

The meeting under the direction of District Deputy Frank Lamey of Blairmore, was attended by over 100 members of the Coleman, Fernie, Blairmore, Pincher Creek, Fort Macleod and Granum Lodges.

Mr. Coover will be installed to office by the Grand Lodge at ceremonies to be held in Regina, Sask., in July.

Following the district meeting the Elks participated in a social evening with the ladies of Blairmore Order of the Royal Purple Lodge catering to the supper.

Three limestone blocks 63 by 13 by 10 feet in the Temple of Jupiter — built in A.D. 150 at Baalbek near Damascus — are the largest ever used in building.

Harold, late Saxon king of England, was slain in 1066.

## Council Centennial Project Approved

Coleman council at its meeting April 26th received a letter from E. H. Abel, Centennial officer, advising that both provincial and federal approval has been made regarding the town's plans to develop the local Legion park into a Memorial Park. Procedure on how to obtain the grants was outlined in the correspondence.

A letter from Bruce Ramsay, chief municipal inspector, provided council with information regarding the provincial grants to homeowners for tax purposes. Each homeowner will receive a \$50.00 grant on their tax. Persons eligible for the grant must go to the town office and pay off the balance of their present tax after the grant is deducted.

The town then applies to the government for the grant. Discount for advance payment of tax to the town is computed on the amount of money the property owner actually pays to the town. Persons are eligible for one grant only despite the fact they may own more than one piece or parcel of land.

A letter was received from R. Sweet, Centennial Caravan survey officer, advising the town that the location selected in the Horace Allen school grounds for the caravan was suitable. The letter requested that a meeting be called for May 13 when the Centennial officer will visit Coleman to meet police, the fire chief, the local medical officer and representatives of the Centennial committee to discuss plans for the date when the caravan will visit Coleman.

A letter from T. D. McGee, Department of Highways engineer, was read advising the town that since some sewerage system ditches were dug in an area in East Coleman, the Blairmore road has been experiencing severe icing conditions during the winter and other problems. A request for the town to bear some of the cost of correcting this problem was incorporated in the letter.

A letter from the Fire Commissioner's office commending the town on its efficient fire brigade following a visit by a fire inspector, sparked off a query by council. The town secretary will write

to the Department of Municipal Affairs asking them to consider paying a part of the cost of training, maintaining and keeping a fire brigade which is always available in the ID districts neighboring the town. The town maintains the brigade the year round and when a fire occurs in the ID all that is charged is the actual time of the men on duty.

Application is also to be made to the Department of Municipal Affairs for an available grant for the maintenance of the local disposal grounds.

Delinquent business tax was discussed and it was unanimously agreed that the town's solicitor be contacted with a view to taking immediate action to collecting this tax.

A representative of the Michigan Machine Company was present and advised council that the new \$17,000 backhoe purchased by Coleman will be arriving on or around May 5th.

Manufacturers Life Insurance Co. will be contacted and advised to have a representative present at the May 19th meeting to discuss rebates and cancellations of the pension plan carried by the town employees with this firm.

In other council business it was disclosed that the Chinook Health Unit has condemned several homes unless proper sewerage facilities are installed; the month of May was declared clean up month and town trucks will pick up all debris; a cemetery clean up will be made; police will be advised to check damage being done in the town park; a sign will be installed in the town recreation room at the arena forbidding persons under 16 years of age to use the room.

Mayor Holyk juggled several committees, putting Councillor Mel Cornett as chairman of the Police Committee.

## Town to Purchase Backhoe

Coleman Light and Water Company, at its meeting April 19th approved purchase of a \$17,370 backhoe to be used for town purposes.

The company will set up a separate bank account where money derived from the rent of the backhoe to the town and other town departments will be deposited. This is being done so that money earned by the machine will be paid back to the town-owned Coleman Light and Water Company.

The company will call for tenders for the construction of a pump house as soon as a land permit is received from the government.

Coleman Collieries will be contacted with a view to obtaining a price for sending the pump house with electricity.

Approval was given for the payment of progress report number two for the amount of \$122.81 for work done on the water line.

With reference to request made by Peter Walker, minister of St. Paul's United Church, that churches and church halls be put on a commercial gas rate basis, the directors of the gas company felt that the present rate must be maintained this year, since this is the company's first year of operation under town ownership and the directors wish to study the company's financial statement before any changes are made.

Al Krywolt of Vet's Insurance, will be requested to provide the gas company with a policy itemizing all coverage of the gas system.

During the town's Sewerage System committee meeting it was announced that the sewerage system is now complete with the exception of the disposal unit. Estimated

cost to the town of the total system is \$255,500, which is well within the limits of the estimated costs.

The town will advise the Alberta Municipal Financing Corporation that the town plan to borrow approximately \$40,000 during 1967-68 for curb, sidewalk, gutter and paving projects.

Tollestrup Construction Co. are to be advised that the town no longer requires their services as installation of sewer services in West Coleman are being done by the town.

A by-law was passed setting the Coleman millrate at 60 mills. Council were pleased that they would be able to operate with no increase in the millrate.

### Hose Coupling Competition Is Reorganized

Chief Henry Zak of the Coleman Volunteer Fire Brigade, stated this week that the annual July Hose Coupling and Laying Competitions will be held on July 2nd. The event had been discontinued for the past four years.

Chief Zak advised that teams from as far west as Fernie, B.C., as far east as Taber, north to Red Deer and south to Milk River, will take part in the events.

The newly organized April Forest Guards will conduct a sale of tickets for \$10 silver dollar draw with proceeds to be divided between the brigade and the young ladies for their activities.

## Phillips Plant Opened By Acting Premier

The Hon. A. J. Hooke, Minister of Municipal Affairs and acting premier of the province of Alberta, officially opened Phillips' Cables (Western) Limited plant at Sentinel on April 29th.

Mr. Hooke briefly outlined the expansion of industry in the province and mentioned what the government was doing to aid and promote industry.

To illustrate his remarks on the tremendous growth of industry he used the oil industry as his subject and stated that in 1954 the oil industry had enjoyed a banner year as all holes drilled in this industry would have extended from the North West Territories to the 49th parallel, a distance of 750 miles.

Growth was so rapid the following year, he said, that holes drilled would have totalled in length the distance between Edmonton and Los Angeles, 2900 miles. After this he said Alberta has become known as the Texas of Canada. The only difference between Texas and Alberta, he joked, is that Alberta is more friendly to the United States than Texas is.

Mr. Hooke spoke briefly on the industrial tax that the Alberta government had planned on bringing into effect with proceeds from this to be distributed to the communi-

ties. This idea was dropped for some time, but rural areas are now requesting it be reconsidered by the government.

Mr. Hooke outlined briefly some of the policies the provincial government have to induce and promote healthy industrial enterprises.

Concluding his remarks, Mr. Hooke stated that all doors of all government departments are open to industry and its promotion. Mr. Hooke then pressed the button, turning on the power to officially open the plant.

The guests and visitors were taken on a tour of the plant and saw the very latest machinery for insulating wires and cables. Some of the machines have been imported from the Continent, and the whole factory has been engineered for the fast and efficient production of telephone cable. The plant is probably the most compact and up-to-date plant of its kind on the continent.

Prior to the official opening a banquet dinner was held at the Turtle Mountain Hotel at Frank.

### Forest Guards Are Organized

A new group for girls between the ages of 10 and 16 years has been formed in Coleman during the past month.

The group, known as the Coleman Forest Guards, is a sister lodge to the Junior Forest Wardens.

Mrs. Ed Amell has accepted the duties of supervisor, to be assisted by Counsellors Henry Zak, Cecil Coover and Ed Amell of the Elks Lodge, who are the sponsors; Mrs. Trudy Plante, Mrs. Blanche Usciki, Mrs. Alberta Dase, Mrs. Esther Ash and Mrs. Doreen Collins.

The Guards meet each Thursday evening in the Lions hall between the hours of 7 and 9 p.m. The young ladies spend the meetings learning the pledge, code and rules of the organization and the remainder of the evening is devoted to practising fire patrol, a craft period, games and a sing-song.

The Guards are presently selling tickets for the Fire Brigade, and a portion of the proceeds will be retained by the girls for their summer camps and other items.

### St. John Ambulance First Aid Course Is Completed

Examinations for the recently-concluded St. John Ambulance Association First Aid classes were held last week.

Examiners in Blairmore for the Junior Certificates were Alex Rae and Alex McKay. Twelve candidates took the tests.

Examiners in Coleman for both Junior and Senior Certificates were Dr. Emil Aiello, Mike Kubicek, John Marconi, Alois Kubicek and John Sikora, all of Coleman, and Harold Chamberlain and Tom Gibos of Blairmore.

The 45 candidates taking the exams were from the No. 535 Crows Nest Pass Cadet Corps, the Junior Forest Wardens and Miners.

### Fire Brigade Receives Award

Coleman Volunteer Fire Brigade Chief Henry Zak received a certificate of merit this week from the Canadian Muscular Dystrophy Association, thanking the local brigade for the excellent work they are doing to raise funds for the organization.

## Coleman Lions 25th Anniversary

A joint event was held at Turtle Mountain Hotel in Frank April 23rd when the Coleman Lions Club marked its 25th anniversary and the Blairmore Lions Club, its 20th.

Chester A. Lesh, International Director of Lions, from Seattle, Wash., was introduced to the 130 persons at the event by Bert Gibb, District 37D Governor.

Mr. Lesh gave an interesting account of the history of Lionism since its inception 50 years ago by the late Melvin Jones of Chicago.

He spoke on the intricate function of the International organization and said it would be the outstanding influence of this organization that would bring future peace to the world.

He spoke on the growth of Lionism, stating that membership last year had grown by 36,000, and it was expected that this figure would be exceeded this year.

Briefly outlining some of the work being done by Lions Clubs, he listed the project being done in the State of Kentucky by one Lions multiple district who were raising in one year \$1,600,000 for the construction of a Lions Eye Research Institute on the campus of the Kentucky University.

He stated the two reasons for Lions Clubs were to dedicate their service to the underprivileged and to bring peace to the world through the Lion movement.

He concluded his inspiring talk by quoting Melvin Jones' theory for success "you won't get far in this world unless you help someone else".

Eight members of the Coleman

Lions Club were then honored when International Director Chester A. Lesh of Seattle, Wash., presented the men with the Old Monarch certificates.

One of the members, Stu Murdoch, also received his Charter member award.

Receiving the awards were Ted Kryczka, Eugene Fabro, John Owen, Stu Murdoch, Jack Colewell, Arthur Graham, Horace Allen and Frank Aboussafy.

Chairman of the occasion, Lion Horace Allen, introduced Governor George Markin of Helena, Mont., who with his wife, were present for the Charter Night.

Lion Frank Aboussafy thanked International Director Lesh for having attended and stated that Lionism must be wonderful movement for the International office to recognize birthdays of small clubs by sending an International Director to represent them.

Gifts were presented to wives of Director Lesh, Governor Bert Gibb, Chairman Horace Allen and Coleman President Orazio Celli by Blairmore President Alden Brososky, who also presented one to his wife Barbara.

During the occasion a number of Old Monarch awards were presented to members of the Coleman Club by Lion Lesh.

An evening of dancing concluded the anniversary celebrations.

## Blairmore School Aids Korean Orphans

Stretching the hand of friendship and aid half way around the world is an experience the Isabelle Sellon High School Junior Students' Council are feeling this month.

The Junior Council, who for the past six years have been sending cash contributions in support of the Sungshim Christian Charity Home in Pusan, Korea, have again received word from Yae-Hun Yoon, who is in charge of the home, that this Easter contribution sent by the local school has been received.

The Junior Council raised the sum of \$50 through various projects, which amount was sent to Korea with an Easter card. The money order converted to Korean money realized 13,500 won of Korean currency.

A letter written to the local council by Mrs. Hung-Rok Kim, a staff worker, indicated that a small part of the money in the amount of \$20 was used to entertain the Korean orphans in the Home to an Easter party. The young people were treated to bread, cookies, some sweets and eggs after a dawn sunrise service was held. The dawn services were held every day during the Lenten Week and during the day of the party a special service was held attended by a chaplain, the home staff workers and the children.

## Historic Ship To Be Built For Expo '67

An historically exact, full-sized replica of Jacques Cartier's ship "Grande Hermine" will be moored in the La Ronde lagoon of Expo 67.

The Hon. Arthur Laing, Minister responsible for the Canadian Historic Parks system, announced today that the ship, 78 3/4 feet long and with a displacement of about 120 tons, will be built by Davie Brothers Ltd., of Levis, Quebec, at an estimated cost of \$279,500.

The "Grande Hermine" will be a major historical contribution to Expo 67," Mr. Laing said. "It will be comparable in significance to the reconstruction of part of the Fortress of Louisbourg on Cape Breton Island and will be a proud

addition to the various sites and structures administered by the Canadian Historical Sites Division all through the country."

After Expo 67, the "Grande Hermine" will be floated to Cartier-Brebeuf National Historic Park at Quebec City where it will be on permanent display as the focal attraction of the park. The park was established by the Federal Government in 1956 to commemorate the spot, near the junction of the Lairet and St. Charles Rivers, where Cartier wintered in 1535-36 during his second voyage of exploration to Canada.

Federally sponsored research for this ship building project has been carried out by L'Ecole Polytechnique of Montreal, which will supervise the construction of the "Grande Hermine" and its location at the Expo site.

## Notice TO Coleman Residents

The Coleman Light and Water Co. Ltd. will be issuing a limited number of debentures for the construction of the new Water Pumphouse and Equipment.

These debentures will be issued in \$100.00 and \$500.00 denominations, and will bare interest at the rate of seven (7) per cent. per annum.

Any person interested in purchasing some of these debentures may sign an Application to Purchase, which must be accompanied by their cheque, at the Town Office, prior to May 30th, 1966.

### TV Drivers Test

#### Valuable — CHSC

The Canadian Drivers Test, a television program designed to assist Canadian motorists in developing correct, safer driving attitudes, has been acclaimed by the Canadian Highway Safety Council as one of the most important events in road safety history. The television test will be broadcast on the CBC networks on May 19, eight to nine p.m. Local Time in English, 10 to 11 in French.

It will invite viewers to vie with studio audiences in answering a series of questions about defensive driving techniques. The General Public may obtain test forms after May 9 from safety groups and Shell and White Rose service stations from coast to coast.

The Canadian Drivers Test will be a Canadian version of a United States program, the National Drivers Test, to be broadcast on the CBS network May 24.

Philip J. Farmer, executive director of CHSC, expressed the belief that for all drivers interested in developing new driving skills, and improving old ones, the program will show how to apply defensive driving techniques to new and different road traffic situations. The viewer will be able to take the test in his own home and compare his score with the results of the studio audience and the national averages. Mr. Farmer said, "The broadcast is part of a co-ordinated effort to improve the defensive driving skills of every motorist and to put more safety on the nation's highways."

The Canadian Drivers Test will be produced by the CBC in co-operation with the Canadian Highway Safety Council and sponsored by Shell Canada Ltd.

Industries and organizations wishing to participate in the program can obtain test forms in quantity or a reproduction proof of the form by writing to The Canadian Drivers Test, P. O. Box 2150, Toronto, Ontario.

The Canadian Red Cross supplies hospitals in Canada with whole blood and vital blood products such as gamma globulin, serum albumin, fibrinogen and fresh frozen plasma.

### IS LABOR LEADERSHIP SLIPPING?

#### (By Ambrose Hills)

In my writings recently I have praised Canadian labor for having used more common sense and restraint than American labor, and I felt this was helping Canada to enjoy prosperity. I am very much afraid this situation is changing and that labor has started to slip.

Unruly and unreasonable groups within the unions are getting control and all sorts of unreasonable demands are being made.

For example, when the union negotiating committee of Ontario Teamsters reached an agreement with management, it was turned down by a vote of less than half the membership and as a result the strike continued with its drastic effect on the economy of that province.

It may be wondered if the vote would have gone the way it did if it had been a truly secret, democratic ballot, without any intimidation or coercion of members by the rebel group within the union.

If labor leadership is losing control and the wage structure of Canada is going to be determined by the radical groups within the unions, then Canadians have real cause to be frightened. Prices are jumping fast enough as it is. If labor goes hog-wild, we will get a dose of inflation that will bring hardship to thousands upon thousands of citizens.

What can be done about it?

My view is that each of us ought to write to, telephone, or personally buttonhole our Member of Parliament or MLA and make it quite clear that we want governments to keep a sharper eye on labor practices. That we want the politicians to stop being so rabbit-scared of the unions. I would vote for any politician of any party who would have the fortitude to tell the unions bluntly that they have to behave sensibly or the labor laws will be toughened up. Governments get tough with business, so why not get tough with labor?

Because the Canadian economy is at its peak it is extremely sensitive and it wouldn't take much to bring everything crashing down around our heads. The best labor leaders realize this; it is the radical, irresponsible elements within the unions that need to be disciplined. If the leaders can't do it, the law will have to!

## TOWN OF COLEMAN

## WANTED

### Secretary-Treasurer

Applications are invited for the position of Secretary-Treasurer for the Town of Coleman. Secretary-Treasurer to preferably have some Municipal experience.

Salary based on experience, please give salary expected.

Applications will be accepted up until Friday, May 20th, 1966, and are to be submitted to:

MAYOR JOHN HOLYK,  
Town of Coleman,  
Coleman, Alberta.

## Centennial Report

1867 1967

by JOHN W. FISHER  
CENTENNIAL COMMISSIONER

### Report No. 3—

What small town or city in Canada has not been served, at some time in its history, by a Chinese restaurant or a Chinese laundry? Our communities have been built by the contributions of many cultures and it occurs to me that too often the contributions of the Chin-

ese have been overlooked. In earlier times the Chinese provided the backbone of labor for railroad building. They were the cooks in mines and lumber camps. Gradually they developed small businesses and provided services to communities which few others were prepared or able to offer.

They still do that today, and scores of small communities would have no public eating places if it were not for Canadians of Chinese extraction. Also they provide a cultural addition to our cities with their glamorous and interesting modern "Chinatowns".

These contributions I have mentioned are some of the more noticeable ones. Chinese Canadians today are active as well in most other areas of modern society—in the arts, the professions, in business, even in politics. For example, Mr. Peter Wing recently became the first Chinese Canadian to be elected mayor of a Canadian city, at Kamloops, B. C.

The people of Vernon, B. C., are quite aware of the contribution the Chinese have made in the development of their community. What has made them more aware recently is an offer by the Chinese community of Vernon to build a tea house as a Centennial project in the city park. Walter Joe, spokesman for the Chinese community's Freemasons and Dart Coon Club, told the city council that some of the old-timers wanted to build the tea house as a reminder of the new and old cultures.

I can heartily agree with the Vernon News which commented in one of its editorials: "Chinese Canadians should be saluted on their desire to play a part in celebrating the 100th anniversaries of B.C. and Canada. In this way their part in the building of a nation, which we tend to overlook, can receive the recognition it deserves."

The first Chinese arrived at Vernon 60 to 70 years ago and the community reached 700 people around the time of the First World War. The News states that they went to Vernon in force with the building of the railroad and earlier some took part in the Cherryville gold rush. "They stayed to provide the labor needed to operate canneries and the agricultural industry. It was menial labor because they lacked the education and knowledge of the language to get better jobs."

"But the Chinese established themselves as hard workers and good citizens. Many became prosperous businessmen and played a significant role in the community's development." I might add that, whenever the Chinese were allowed to bring up families in Canada, they strove to give their children higher education.

It is easy to see that the Centennial is not only an occasion of celebrations. It is a time when we are reminded that Canadians of all backgrounds have developed this country and that we cannot afford to think that any group of us can be self-sufficient in isolation. I believe that the Centennial projects—the big ones being conducted on a national scale and the small ones like the Vernon tea house—will remind us that Canadians originated from societies and cultures all over the world and will increase our understanding of each other's way of life and point of view.

### New Stamp To Be Issued

The floral emblems and coat of arms of the Yukon and Northwest Territories are featured on two new stamps to be released on March 23, 1966. Postmaster General Jean-Pierre Côté announced today.

These five cent stamps are the 12th and 13th in a series initiated in May, 1964, honoring the various geographic regions in Canada as a prelude to Centennial celebrations in 1967. A 14th and final stamp in the series will be issued later this year.

Yukon's colorful fireweed emblem, adopted in 1960, will be pictured in one of the new stamps in tones of blue, red and green. Its companion issue will use shades of yellow, green and olive to illustrate the mountain avens, chosen as a symbol by the Northwest Territories in 1967.

Designs for both stamps were by the Canadian Bank Note Company who will print the total 14 million for each issue with a combination of offset and intaglio methods.

## CHEAP PAINT BRUSHES ARE POOR ECONOMY

You've heard and read this advice before, but it's worth repeating. When you buy a paint brush buy the best grade.

There are several reasons for this:

A brush, like any other tool you add to your collection, should last for years. A cheap brush will not. There's no economy in buying a new brush every time you paint, home repair experts say.

Even more important is the sort of job you want the brush to do. Expensive paint and valuable time are both wasted when you use a cheap brush. An inferior brush makes good workmanship virtually impossible, the experts say.

You soon will discover that you cannot achieve a smooth surface, that paint will not go on evenly and that brush marks result no matter how hard you try to avoid them.

In the past painters generally went for brushes of pure hog bristles, but these have been largely replaced by nylon bristles.

The bristles are set in vulcanized rubber. The ends of the bristles are flagged or split. This holds the paint until you are ready to apply it.

Don't worry if a few bristles pull loose in the beginning. However, shedding should not continue in a good brush.

The old advice about conditioning a new brush by soaking it in linseed oil applies to animal bristles not synthetic.

There is a wide variety of shapes and sizes from which to choose, depending on the purpose you have in mind. A good brush selection would be a flat wall brush of at least four inches, one of three inches and one of two inches for trim. If there's much trim painting ahead, get a two-inch angular brush. A small camel's hair brush such as artists use, is handy for touching up.

It's a good idea to get a separate brush for varnish.

While you can use a varnish brush to paint, never try using a brush once used in paint to varnish. Pigment remaining on the

brush is bound to discolor the clear varnish.

Remember that your investment is wasted if you don't care for your brushes.

### Keep them clean!

If you pause overnight, rinse them out in a solvent or suspend them in a can of solvent. For oil paints this means turpentine, linseed oil or kerosene or a combination of them.

### Child Safety Day Observed May 1

More than 2500 children in Canada died last year in accidents, most of them preventable. For this reason, the National Safety League of Canada and the Canadian Highway Safety Council will jointly sponsor a nation-wide Child Safety Day on Sunday, May 1st.

Enlisting participation of parents, teachers, clergy, police, service clubs, women's groups, pro-

vincial and community safety organizations and others, the League and Council expect the one-day campaign to continue its effect through the year. It is destined to alert adults to their responsibilities in preventing child accidents and in training children to make safety a lifelong habit.

"This can be called an awareness campaign," said C. E. Carson, president of the League. "While it lasts only one day, we believe the impression and emphasis of that day should contribute to the saving of young Canadian lives all through the year."

How long the giant Galapagos tortoise lives is uncertain, but scientists estimate from growth rings around the plates on their backs that some are over 150 years of age.

### SOMETHING NEW AT SCHOOL

In Ontario at Eastview High School, which is located in a town almost next door to Ottawa, they're doing something new. Student records are being put on Recordak microfilm so there will always be available a complete case history of everyone who has attended the school since it opened in 1949. These records include all marks, attendances, teacher reports, details about hobbies, special interests, character ratings, and everything of importance that happens during school life.

## Annual Cadet Inspection May 30

Mark Venier, O/C of the No. 535 Crows Nest Pass Cadet Corps advised this week that the cadets are now preparing for the annual inspection to be held in Blairmore on May 30th.

Plans for this year include participation by a band being formed by Harry Setla of Blairmore, assisted by Fred Beddington of Coleman. Both men were former mem-

bers of the well known Crows Nest Pass Technical Squadron Band. The band is to be formed around Mr. Setla's 4's band.

Present at this year's event will be Blairmore Legion President Dan Squarek and town officials. The Legion are sponsoring a trophy this year for the Best Trained Company. The trophy will be known as "The Blairmore Legion Trophy".

Jerusalem was captured by the first Crusaders in 1099.

## Lions Name Bingo Winners

Mrs. Amie Milley and Gordon McLeod split the \$100 cash bingo at the Lions Club bingo night.

Other winners were: \$12, Len Cole, Ella Barnett, Tom Cunningham, Mrs. P. Rosio and Mrs. Louis Florio.

\$10, Ron Ostrenski, Len Cole, Mrs. F. Cozzi (twice), Ken Snowden and Helen Latka. \$5, Mrs. D. Mills and Henry

## Bellik

Electric hand mixer, Mrs. Annie Fleming.

\$1 consolation, Mrs. L. Florio. The next bingo night will be held May 11 and will feature a \$100 to go jackpot, five \$12, five \$10 prizes as well as other extra prizes.

## Elks Fund Aids Needy Children

Grant Over Half Million in Past Ten Years

In this community, the Elks Lodge and its Auxiliary, the Ladies of the Order of the Royal Purple, are two of the more than 600 Lodges of these combined Orders across Canada, which are contributing to the Elks Purple Cross fund. The two Orders through the medium of this fund have granted over a half million dollars to assist children in Canada during the past 10 years.

Contributions to the national fund from the local Lodges have made possible financial assistance to any child in Canada, eighteen years or under, whose parents are unable to take care of medical or surgical attention the child may require. This unique fund in addition also supplies wheel chairs, hearing aids, eye glasses, artificial limbs and hundreds of other treatments not covered by any other welfare organization or charitable funds.

## Several Typical Cases

Take the case of Jimmy, age eight, from British Columbia. He was badly burned when gasoline was thrown on a bonfire. He required 22 operations and is recovering favorably. The Elks Lodge in his community found that his father was a hard worker in a low income bracket. Jimmy's case required attention immediately, and the Purple Cross Fund granted assistance through the local Elks Lodge.

Bruce, a nine-year-old from Saskatchewan, required special medical attention and surgery. He underwent a corrective internal operation at the world famous Mayo Clinic. That was a year ago and thanks to the Elks Lodge in his community and the Purple Cross Fund, he no longer has a chronic disorder that plagued him from birth.

Wony, a seven-year-old from Newfoundland, has just returned home from a Toronto children's hospital after undergoing a successful "hole in the heart" operation. The Elks Lodge in his community applied to the Purple Cross Fund for two trips to Toronto and ultimately the successful operation. He was accompanied by his mother on both trips who described the fund as "a Godsend".

Fourteen-year-old Marlene from Alberta suffered a chronic illness for a number of years. Doctors discovered that her kidneys were the cause of her illness. A successful kidney transplant was financed by the Purple Cross Fund.

Shirley, aged 15, from northwestern Ontario, needed an operation on a hearing disorder. This unusual operation required grafting new ear drums in order to restore her hearing. The Order of the Royal Purple Lodge in her community applied to the Purple Cross Fund and assistance was granted for the operation and transportation to and from a distant city hospital.

## For Children in Need

The cases cited here are only a few of hundreds assisted by the fund since its inception ten years ago. Adam Deminick of The Pas, Man., Grand Exalted Ruler of the 40,000-member Order in Canada, said in a recent statement that "communities such as this need only apply to the local Elks Lodge or its Auxiliary, the Order of the Royal Purple, and state the case of a child in need for their consideration."

"The Purple Cross Fund," he added, "is solely supported by contributions from the BPO Elks and OOR Purple Lodges. The fund is unique in that unlike other funds, it does not restrict itself to any specific disease or disability, but will give assistance to any child in Canada, 18 years or under, regardless of the nature of illness," he concluded.

## In Memoriam

BROWN—in loving memory of our dear grandfather, Theodore Mathias Brown, who passed away April 26th, 1965:

A helping hand to all he knew So kind, so generous and true, On earth he nobly did his best, Grant him, Jesus, heavenly rest.

—Lovingly remembered by his granddaughters, Mrs. Audrey Pharis, Mrs. Pearl Hamrahan and Mrs. Helen Westley.

## In Memoriam

BROWN—in loving memory of our dear husband and father, Theodore Mathias Brown, who passed away April 26th, 1965:

Just a prayer from those who love you,

Just a memory fond and true. In our hearts you live forever Because we thought the world of you.

—Lovingly remembered by his wife Susan and daughters Mildred Holstead and Ethel Fischer.

## NOTICE

IN THE MATTER OF THE PUBLIC UTILITIES BOARD ACT, AND IN THE MATTER OF TELEPHONE RATE ADJUSTMENTS

TAKE NOTICE that the Alberta Government Telephones has applied to the Public Utilities Board requesting the Board to fix such just, reasonable and adequate rates as may be necessary to enable the Corporation to provide for and pay its costs and obligations and provide a fair return on the Corporation's rate base.

FURTHER TAKE NOTICE that the Board will hold a PRELIMINARY HEARING at the Court House in the City of Calgary on Wednesday, the 18th day of May, 1966, at the hour of 10:00 o'clock in the forenoon for the purpose of setting a time and place or places for the taking of evidence at a later date, and also to deal with all other matters of a preliminary nature which interested parties may wish to raise.

ALL INTERESTED PARTIES may file such material for the assistance and consideration of the Board as they may be advised and may appear personally or by counsel.

Signed, MAJOR & COUGHLAN, Barristers & Solicitors, 713 Texaco Building, Calgary, Alberta, Counsel for Alberta Government Telephones.

### Personalities In The News

Mrs. M. Antel is visiting in Calgary at the home of her sister, Mrs. A. McLeod.

Mr. Adolph Trotz is a Calgary visitor.

Mrs. Norman Hammer is a patient in the General Hospital in Calgary. Her friends wish her a speedy recovery.

Miss Donna Trotz, accompanied by Miss Juanita Morino of Lethbridge, visited the former's parents, Mr. and Mrs. Joe Trotz.

Mr. and Mrs. J. Montalbetti attended the wedding of the latter's niece, Miss Frances Elizabeth Frey to Mr. Joseph Edward Lovecky at Pincher Creek on April 16, held in St. Michael's Roman Catholic Church. This was the first wedding solemnized in the new church.

Mr. J. (Pep) Oliva was a week-end visitor at Calgary.

Mr. and Mrs. H. Ash and family accompanied by Mr. Isador Raymond were recent Lethbridge visitors.

Mrs. C. Horn and son Harry visited Mr. and Mrs. Peters and family at Fernie, B. C., also Mr. and Mrs. M. Horn at Canal Flat, B. C.

Mr. J. Lepacek is a patient in St. Michael's Hospital, Lethbridge. Friends in the Pass wish him a speedy recovery.

Mr. Harold Nelson is a patient in the Crows Nest Pass Municipal Hospital. Friends wish for him a speedy recovery.

Mr. Mel Cornett, postmaster, and Mrs. Cornett, also Mrs. A. Pharis and Mrs. A. Binda, attended a Sub Conference of the Southern Alberta Zone of Canadian Postmasters' Association held in the Marquis Hotel in Lethbridge, on Saturday and Sunday, April 23 and 24.

Mr. and Mrs. M. Cornett and son Eddie, accompanied by Mrs. M. E. Cornett, visited at Calgary last week-end. While there Mr. Cornett attended a luncheon in the Palliser Hotel in honor of the Postmaster General, Jean-Pierre Cote, from Ottawa, who is on a business trip in Alberta.

Friends are pleased to see Mr. Dave Bouthillier around after being a patient in a Calgary hospital.

Mr. William Archer, employed with the East Kootenay Power Co., at Sentinel, has been transferred to Victoria, B. C.

### Agric. Recruiting Agents Appointed

Appointment of 22 agricultural recruiting agents on the Prairies to help provide farm manpower needs has been completed, Terry Robertson, manager of the National Employment Office said today.

"The agents have been appointed on a seasonal basis and will work closely with National Employment offices," Mr. Robertson stated. "The appointments also provide a means of working more closely with provincial authorities in order to meet farm employment needs across the Prairies."

A similar service provided a year ago was carried out with the co-operation of officials of the Department of Agriculture in each of the Prairie Provinces.

"A buoyant economy is our common aim and depends to a great extent upon availability of suitable farm help," said the NES manager.

Work of the agricultural recruiting agents, who are obtaining farm labor vacancies and locating workers in the areas of 11 National Employment offices in the Prairie region, will continue until October 31st Mr. Robertson pointed out.

### Foreman Injured

Hector Pividor, foreman of the town of Coleman, sustained painful injuries in a fall at his home on Sunday morning.

Mr. Pividor fell down the steps

in his basement and sustained a compound fracture to his left wrist, lacerations to his head and a bruised shoulder. He is in the Crows Nest Pass Municipal Hospital.

Council appointed town electrician Ernest Montalbetti to assume Mr. Pividor's duties until his return to work.

### Family Service Bureau News

Board of Directors of the Family Service Bureau of Crows Nest Pass and Pincher Creek

Mrs. Anna Jones of Coleman is one of the female members of our Board. She, also is native to the area, having been born in Coleman. With the exception of eight

years spent in Nelson, B. C., she has lived in Coleman or Blairmore.

She is the mother of three, and grandmother of two; was employed by the Credit Union of Coleman for five years until a month ago when she became an employee of the Coleman School District.

Ann is an active member in Credit Union Insurance circles, the C.W.L. and the O.O.R.P. She is now putting her time and talents toward arranging for "The Family Finance Counselling Course", which will be held in the Pass and in Pincher Creek on the first three Tuesday evenings in May.

Her reasons for giving her time to our Board: "I have always been interested in peoples' problems and if through the Board any assist-

ance given has helped someone, that is reward enough for any time and effort involved on my part. I feel that with such a splendid Board, and with Sister Leo Agnes and Mr. Coward providing the excellent services they do, my contribution is nil indeed."

### Auxiliary Sponsors Award

The Ladies' Auxiliary to the Crows Nest Pass Municipal Hospital are again offering an award of \$75.00 to a student in the Crows Nest Pass who plans to enter the Nursing Profession this coming fall. Application forms will be available at the high schools in Blairmore and Coleman.
